Supporting the people of Sabastiya in Palestine since 2010

HAFSA – what we do

- Build friendship between people in Sabastiya in the West Bank and Hanwell in West London
- Raise funds to support families in Sabastiya
- Finance sustainable grassroots projects
- Organise visits

We are not “political” but we listen to people living in Sabastiya. We learn about their needs and hardships as well as abuses of their human rights, while supporting them as best we can. HAFSA help promote a better understanding of the situation as well as an appreciation of the rich history and culture of Palestine.

We hope you will join us!

Sabastiya

Roman columns, cafés and the football ground co-exist as a focal point in Sabastiya

Sabastiya is an amazing place in a beautiful setting with warm welcoming people.

It is a rural village with a population of 3,500 and its economy relies mainly on olive groves and orchards.

Sabastiya stands on historical and biblical land and can be proud of a number of important archaeological sites. Today you can see the ruins of ancient Sabastiya and feel the power of seven successive cultures dating back 10,000 years: Canaanite, Israelite, Hellenistic, Herodian, Roman, Byzantine and Ottoman. According to religious tradition, the head of John the Baptist is buried there.

HAFSA funded 80 gas masks for households affected by tear gas fired by the Israeli army and funded first aid training for a new volunteer emergency team

The people of Sabastiya have been living under harsh Israeli military occupation since 1967 and suffer aggression by the nearby Israeli settlers. Despite these difficulties they remain positive and HAFSA support some of their many community initiatives.

With its rich history Sabastiya has great potential for tourism. HAFSA have already supported this by helping set up a new guesthouse in a restored Ottoman palace (<https://kayedpalace.wordpress.com>).

The HAFSA friendship link

The idea originated from a “Palestine Day” held in Hanwell. From this, a group of people decided to establish a link with Palestine, and Sabastiya in the West Bank was interested.

In 2010 a delegation from Hanwell visited the municipality of Sabastiya and HAFSA was born.

Where is SABASTIYA?

Sabastiya is 50 miles (80 kms) by road north of Jerusalem and it relies on the nearby city of Nablus for many of its services, shopping and employment. People go to Nablus for hospital treatment and to study at university. However, Israeli military check points can make travelling difficult.
